

SMP-SP

Scala Media Player

Scala Media Player-SP is a mid-level dual HD output media player with full device management and monitoring for multi-zone, HTML5 and ScalaScript Content. It is an ideal choice for simpler applications that requires a lighter content load and comes with an anodised aluminium housing and fanless design.

KEY BENEFITS

- ✓ **Flawless playback, enhanced performance**
- ✓ **Optimised architecture for digital signage**
- ✓ **Commercial-grade reliability**
